As you explore Battleground: The Corps, you'll witness the battle from the perspective of the Marines who fought it. You'll see the iconic flag-raising on Mount Suribachi, hear the sounds of battle, and experience the unimaginable horrors of war. You'll also learn about the history of the battle, the strategies used by both sides, and the impact of the battle on the course of World War II.

Immersive Technology

Battleground: The Corps uses a variety of cutting-edge technologies to create a truly immersive experience. These technologies include:

- **Photogrammetry:** Photogrammetry is a technique that uses thousands of photographs to create highly detailed 3D models. Battleground: The Corps uses photogrammetry to create realistic models of the battlefields of Iwo Jima.
- **Virtual reality:** Virtual reality is a technology that allows you to experience a computer-generated environment as if you were actually there. Battleground: The Corps uses virtual reality to transport you to the battlefields of Iwo Jima.
- **Augmented reality:** Augmented reality is a technology that superimposes computer-generated images on the real world. Battleground: The Corps uses augmented reality to add historical information and interactive elements to the battlefields of Iwo Jima.

Expert Historical Narration

Battleground: The Corps is narrated by award-winning historian and author David M. Kennedy. Kennedy's expert narration provides a clear and concise overview of the battle, its history, and its impact on World War II. He also shares his personal insights into the battle, based on his years of research and writing on the subject.

Interactive Documentary

Battleground: The Corps is not just a documentary. It's an interactive experience that allows you to explore the battle in your own way. You can choose to watch the narrated film, or you can explore the battlefields on

your own, using the interactive map and timeline. You can also pause the film at any time to read more about the battle, or to view historical photos and videos.

Battleground: The Corps is a groundbreaking immersive experience that transports you to the heart of the Battle of Iwo Jima. Through cutting-edge technology and expert historical narration, this interactive documentary brings the battle to life in an unprecedented way. It's a must-see for anyone who is interested in history, World War II, or the Marine Corps.
