## Chapter 1: The Armenian Alphabet - A Gateway To Understanding

The Armenian alphabet, a cornerstone of Armenian identity, consists of 39 unique letters, each carrying a distinct sound. Unlike English, Armenian is a phonetic language, where the pronunciation of words directly corresponds to their spelling, making it relatively straightforward to pronounce Armenian words once you have mastered the alphabet.

In this chapter, we will:

- Explore the formation and history of the Armenian alphabet
- Introduce each letter of the alphabet, its pronunciation, and its written form
- Provide interactive exercises to reinforce your understanding
